**LIVELY:** Beddie Carr co-ordinates colour and movement.

## Kids learn the art

BENDIGO'S emerging superstars are one step closer to the big time after taking part in the Australian Arts Alive school holiday program at St Peter's Primary School this week.

The a3 program run by the Australian School of Performing Arts provides a unique and dynamic opportunity for primary school children of all abilities from many

different locations. During the two-day workshop, performing arts specialists wowed the students with their enjoyable and fresh take on singing, dance, percussion and drama.

About 20 children aged 8 to 12 years took part in the Bendigo segment of the program.
